Final Note by the Second Member of Council.

Subject.—

Amendment of the Cattle Trespass Act so as to reduce the period of detention of asses in cattle pounds.

16 Under Section 14 of the Cattle Trespass Act, 1871, asses impounded in the cattle pounds controlled by the Local Bodies, viz., Municipalities and Village Panchayets, have to be disposed of by auction only after a detention of 14 days. It is found by experience that such a procedure results in loss to the local bodies concerned, The realisations by the sale of the impounded asses after the prescribed period of 14 days being considerably less tha the feeding charges incurred during the period. In order to overcome the difficulty, it is proposed to reduce the period of detention of asses in the cattle pounds from 14 days to 3 days.

17 A draft Bill has been prepared accordingly, together with a statement of general principles. Gracious permission of His Highness is solicited for placing the statement of the general principles amending the Act before the next session of the Representative Assembly and introducing the Bill later on in the Legislative Council.

STATEMENT OF OBJECTS AND REASONS.

Under Section 14 of the Cattle Trespass Act, 1871, asses impounded in the cattle pounds of the local bodies shall have to be disposed of by auction only after a detention of 14 days. It is found by experience that such a procedure results in loss especially to the Municipal Councils concerned, the realisations by the sale of the impounded asses after the prescribed period of 14 days being considerably less than the feeding charges incurred by the local body during the period. In order to overcome this difficulty, it is proposed to reduce the period of detention of asses in pounds from 14 days to 7 days. The bill is intended to give effect to this decision.

III.GENERAL PRINCIPLES OF THE BILL TO AMEND THE CATTLE TRESPASS ACT.

The Secretary to Government, Local Self-Government Department, explained the general principles of the bill as follows:

Mr. M.K. [illegible] GOWDA said that the Congress party was agreeable to the principles underlying the bill. But as many poor people in the malnad were keeping asses for carrying heavy loads and were thereby earning a living, he said that the sale of these animals within three days after detention would serve as a hardship on them. He therefore represented that the detention period be fixed at 7 days instead of only three.

Mr. K. BALE GOWDA opposed the bill on the ground that it would hit hard against one class of labourers, namely the dhobies.

Messrs. JAFFARULLA KHAN and T. SYED KHADRI PIRAN SAHIB supported the bill.

The SECOND MEMBER OF COUNCIL (Rajamantrapravina V. Madhava Rau.) explained that the bill under discussion was not one that had been brought up on the initiative of Government, but that it had been introduced on the recommendation of certain municipal bodies who complained that they were being made to incur needlessly heavy expenditure on account of feeding the animals in question. The municipalities in the Bangalore and Mysore districts who were consulted in the matter had also advocated the proposed amendment. And because so many councils wanted it, the bill had to be introduced by the Government.

Continuing, Mr. V. Madhava Rau observed that there was some difference of opinion as to the exact period of detention after which the animals might be auctioned; and in deference to the wishes of the members, he said that the Government

were agreeable to raise the period from 3 days to 7.

Subject to the above modification the general principles of the bill were put to vote and passed.

In this connection Mr. K.T. BHASHYAM AIYANGAR suggested that the auction should not be held before the lapse of a stipulated period of time after the issue of the sale notification. Personally he felt that that period should be seven days.

Mr. N. MADHAVA RAU thought that the animals could as well be treated as perishables and the sale held soon after notification.

Mr. K.T. BHASHYAM then suggested that the notice might be issued on the very day of receiving the animal into the pound.

The suggestion was noted.

SIR,

Subject:—

I have the honour to state that the Municipal Council, Nelamangala, resolved in their meeting held on 30-11-37 that as the Municipality would be put to a loss by auctioning the impounded asses after a detention of 15 days and that the period of detention of the asses may be reduced to 3 days instead of 14 days as required under Section 14 of the Cattle Tresspass Act.

On the above resolution the President made a reference to this office stating that the feeding charges of the impounded asses would be more than the realisations by the sale of asses after their detention as required by Rules. As for instance four asses which were impounded on 29-11-37 were sold on the 15th day and the net realisation was 0-13-0 while the feeding charges had come to Rs.5-14-0. He requests that impounded asses may be detained for 3 days and sold on the fourth day.

In this connection I write to state that the opinion of other Municipal Councils was taken. Except the Councils of Sarjapur Magadi and Hoskote who want the detention to be reduced to 5,5 and 7 days respectively, other Council are unanimous in their opinion that the period should be reduced to 3 days.

In the circumstances explained by the President, Nelamangala Municipal Council, I request you to be so good as to obtain sanction of Government for reducing the period of detention of asses

Statement of objects and reasons.

Under Section 14 of the Cattle Trespass Act, 1871, asses impounded in the cattle pounds of the local bodies shall have to be disposed of by auction only after a detention of 14 days. It is found by experience that such a procedure results in loss especially to the municipal councils concerned, the realisations by the sale of the impounded asses after the prescribed period of 14 days being considerably less than the feeding charges incurred by the local body during the period. In order to overcome this difficulty, it is proposed to reduce the period of detention of asses in pounds from 14 days to 7 days. The Bill is intended to give effect to this decision.
